HAWAII HEARD FROM

Another Steamer Arrives From Honolulu.

ADVICES UP TO APRIL 12.

Leading Events Since the Last Letter to the Press—Soldiers Mysteriously Poisoned—Queen Liliuokalani Not Restored to Her Throne—Commissioner Blount.

SAN FRANCISCO April 24.—The barkentine *Irma* has just arrived from Honolulu bringing advices up to April 12. The leading events since the last letter to the press was the supposed wholesale attempt to poison the soldiers and members of the national guards. On the night of April 10 soldiers at the barracks were taken with violent vomiting spells showing symptoms of irritant poisoning. There were so distressed as to be obliged to the hospital where they were questioned further they admitted eating green peas which might have caused the trouble. Others about the hospital had been playing cards with the tea or coffee. In all about 60 men were rendered unfit for duty but the most of them soon recovered and none are believed to be permanently disabled. Much mystery surrounds the affair and it has caused a great sensation.

The flutter of excitement caused by the return of Paul Neuman and Prince Kuhio to the court of Queen Liliuokalani has passed away, and has left nothing but the substantial result of their mission.

Three times in as many days the report has been circulated that the day and hour has been fixed for the restoration of the queen to the present writing the throne looks as popular as it has since the eventful 17th of January. The queen's suits do not appear more hopeful with the continued delay, but still there is the hope that the United States can do its best to restore the status quo.

Commissioner Blount it is expected will remain in Washington as the Hawaiian minister to succeed Mont Smith, whom the provisional government has sent home.

The published statement that United States Minister Stevens would resign his position and return home May 4 is a further source of gratification to the pro-annexationists.

Commissioner Blount says there is no truth in the report that he intended leaving for the United States on April 24. My length of stay here is indefinite. I say it may be two months or maybe three months. If I were in the states I would go to you. I would talk more freely but here I do not wish to assist in propagating rumors.

When asked if his position were more clearly defined he would not assent to prevent him from saying he was not giving himself any trouble. "I suppose," he said with some irony, "I should have made a speech at the lowering of the flag but I am not inclined to do anything or resuming any patriotic proclamation."

The commissioner would not intimate the character of the report he would formulate and said he had made no statement for publication and would make none.

Crime Superintendent Shot

KNOXVILLE, Tenn., April 21.—Floyd Peck, superintendent of the Knoxville Iron Company, was shot dead at Cool Creek, where convicts were working, and fatally wounded last night by Charles Wallace, a free miner. The shooting was the result of an old grudge between Peck and the miners who had been fighting for a long time over the amount of payables last summer. It is feared the shooting will precipitate further troubles.

One man was killed.

LIVERPOOL April 24.—The British steamer Electric Captain Lester, at Liverpool from New Orleans, reports that on April 2 in late stroke 30 north longitude 7° west she rescued A. H. Hogg, a seaman belonging to the German ship *Albatross*, which had been abandoned on a rock off the coast of Darien for Antwerp. The rest of the crew of the bark were drowned.

Train Wrecked

CAMBRIDGE, O., April 24.—Herman Long, employed by the Baltimore and Ohio railway and residing at Spencer's station, was killed by falling from the help of an engine and ground to pieces three cars passing him before he was discovered. His body was brought to his home at Spencer's. He was unmarried and 26 years of age.

Pirates Captured

A Battle Off the Chinese Coast in Which Many People Are Killed

SAN FRANCISCO April 24.—The steamer *Highbridge* of the coastwise fleet was captured near the South Island by a war party descended as a marauding host of a formidable band of pirates, who had for the last eight or nine months made themselves a terror to all junks trading between Ningpo, Tachow and Wuchow. Of 61 pirates on board the buccaneers, only 10 were captured. The remainder had been killed in a desperate attempt to repulse the attack of the sailors on board the war junk who lost 23 or 40 men on board, including the captain and second officer.

An aquatic incident connected with the case is the capture or death of 18 British workmen who were found fighting side by side with the pirates and who proved to be the most desperate men in the lot. These made very probably the most ferocious and dastardly raid upon the numberless junks in December near Tingtau and who carried away the youngest and prettiest of the lasses found in the establishment building and ganging the ugly ones in a grim manner and then forcing them into the gods' altar where the poor creatures were found two days afterward by some devotees, nearly fumished to death.

A BARGE FOUNDERS

Two Men Saved, a Woman and Two Boys Drowned

NEW YORK, April 24.—The barge Plymouth, Captain Wyman from New York with 1,000 tons of coal from New York, foundered during the heavy gale Thursday night off Barne End.

The Plymouth was in tow of the ocean liner Linckenbach, and when it became apparent that the barge could not stand the heavy sea, an attempt was made by the tug to rescue the captain and crew. The high seas running made

it impossible to get her into port and just as she touched the bottom and one of the men jumped into the water, and being able to swim, managed to save the pilot picked up by the captain's wife and two men not being able to swim were drowned.

Just Little News, April 24.—Every male citizen of the city will either have to vote or pay a fine of \$50. This provision of the new city charter has not been enforced, and the city authorities have on its books \$10,000 due from the county alone without counting interests. Up to the present time not a dollar has been paid into this account but hereafter there will be a general delinquency to clear themselves. Judge George has decided in a test case in the city that the charter provision is legal and that the city can recover the costs.

Boat Sink

NEW YORK, April 24.—The base ball season will be opened next Tuesday and with it will come the first baseball game of the year. The games will be played with violent vomiting spells showing symptoms of irritant poisoning. The men were so distressed as to be obliged to the hospital where they were questioned further they admitted eating green peas which might have caused the trouble. Others about the hospital had been playing cards with the tea or coffee. In all about 60 men were rendered unfit for duty but the most of them soon recovered and none are believed to be permanently disabled. CARTED OFF

Several Hundred Dollars Worth of Goods.

Burglars Break Into West & Plum's Establishment,

And Make a Selection of the Finest Goods in the Place.

They Load the Plunder Into a Wagon and Drive Away With It—There is No Clue to the Thieves.

Between the hours of eleven o'clock Saturday night and nine o'clock Sunday morning, one of the boldest robberies for months occurred at West & Plum's tailoring establishment, in the Crull block, at the southeast corner of the Public Square.

The robbery was not discovered until Sunday morning about 9 o'clock, when Mr. Plum, upon arriving at the door of the shop, was surprised to find it open. He made an investigation and found that several hundred dollars worth of piece goods had been stolen. The door had evidently been opened

WITH A DUPLICATE KEY.

The robbers came prepared to get in otherwise, as their keys did not fit, as they left behind them a bit of wire or wire.

The door was fastened with an ordinary lock and could be easily picked. Had it been a spring lock, they could have bored through the panel and opened the door with the wire.

The room from which the goods were stolen is the front room on the second floor, and has large windows looking out onto the Public Square.

The room was brilliantly lighted all night and the robbers could have easily been seen from the street had any one glanced upward toward the windows.

The proprietors were at the establishment until eleven o'clock Saturday night and are positive that the door was locked.

WHERE THEY LEFT.

It is supposed the robbers carried the goods in a rear stairway and had a ladder in waiting in the valley, which runs along the rear of the building, and loaded their plunder into it and descended again, they took such a large amount of goods that it would have been impossible for one or two men to have carried the stuff off. The imprints of a wagon, backed up to the rear stairway, were seen yesterday morning in the mud.

There were several suits, already made, hanging in the room but they were not touched.

The stuff taken was the last in the establishment and included one tea yard piece of clay worsted goods, one five and a half yard piece of worsted goods, seven suit patterns and one pantaloons pattern.

Two men, a man and woman, and wire found lying in the doorway, were no clue left for the police to trace the thief or work upon and the affair is still a mystery.

THE PRESIDENT

Will Pass Through Lima Saturday Morning.

He Will Be Accompanied by His Cabinet and Their Ladies Enroute to the White House.

THEY CAME BACK

And Were Nabbed by the Police—Go to the Works.

This morning the two depressed young women, an account of whose disgraceful conduct at the C. H. & D. depot appeared

The Times Democrat of Saturday, returned to the city, arriving here at 8:30 o'clock. They were sober by this time and made a special call on the State Auditor. Policeman Baker made an effort to head them off but the car had gone before he learned of their arrival and was telephoned to the police station for an officer to intercept them. Policeman Patton gave chase and overtook them in South Lima. Mayor McComb was holding court and they were fined \$20 and costs.

They pleaded guilty to the charge of drunkenness and disorderly conduct, and were fined \$10 and costs and given ten days in the work house.

THE SOUTH SIDE

J. B. Kennedy, of Second street, drew the ladies gold watch at the opera house Saturday night.

Mrs. Mary Towsley and daughter May, the guests of Mrs. S. H. Perkins, of 947 South Main street.

Master Hugh Wickham, of Findlay, spent Sunday with his brother, Jess Wickham, of Circleville.

The Epworth League of Grace M. E. church will hold their regular meeting this evening. After the regular business meeting there will be a literary entertainment.

Pledged Not Guilty.

The four tramps who were so cleverly captured by conductor Gerd Bashore, of the C. & W. Postoria last Thursday night, were given their freedom before the Mayor of Postoria, Saturday morning, on the charge of breaking a car window. They pleaded "not guilty" of the charge and were bound over to the court of Common Pleas for the sum of \$500 each.

They could not give bail and are lodged in jail at Fremont.

OIL AND GAS.

Closing market, 88c.

All members of the opera house orchestra are requested to meet at band room next Wednesday evening at 7 o'clock, for rehearsal.
